Look for this highway sign. It indicates the location of Travel Alberta Visitor Information Centres.

Cannore • Grosvenor Pass • Jasper
Lloydminster • Milk River • Oyen
Wahs • West Glacier (MT) • Field (BC)

Metric Measurement

In Canada, all measurements are made using the metric system.

Temperature is calculated on the Celsius scale. All distance markers and road speed signs are in kilometres (km) and kilometres per hour (km/h). Gasoline is measured in litres (3.8 litres = 1 U.S. gallon).

Miles x 1.6 = kilometres

Kilometres x 0.6 = miles

TEMPERATURE GUIDE		
40°C - 104°F	20°C - 68°F	-10°C - 14°F
30°C - 86°F	0°C - 32°F	-30°C - -22°F

Hotels, motels and campgrounds displaying this sign have met the Alberta Hotel Association's standards for cleanliness, comfort and quality.

[illegible]

Look for Alberta's symbol of service excellence.

This designates ALBERTA BEST businesses who are committed to service excellence. A business earns this designation through ongoing staff & management participation in the ALBERTA BEST service excellence & training program.

In Case of an Accident

Drivers involved in accidents where there is an injury, fatality or property damage must produce evidence of financial responsibility. All provinces in Canada with the exception of Quebec require non-resident drivers to carry a minimum of \$200,000 in public liability insurance. Quebec requires visitors to carry a minimum of \$50,000 worth of public liability insurance. Check with your insurance agent.

Attention Motorcyclists

Alberta law requires that both driver and passenger wear helmets and that the headlight be on at all times while riding.

While in Alberta, all drivers and passengers are required by law to wear seat belts.

Entry into Canada

A valid passport is necessary for citizens of all countries except the United States. U.S. citizens must present proper identification (i.e., proof of citizenship and residency) in order to enter Canada.
